

YOUR BAG, YOUR WAY.

CUSTOM PRINTING MADE EASY WITH FAST QUOTES AND PDF PROOF

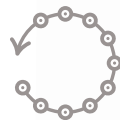

Custom printing is made simple from complex professional images to simple text, you can rely on our skilled partners to get your printing right. Choose to print on one, two or sometimes three sides (bottom gussets, too). Quotes even include precise technical line drawings that are made available for exact visual of how your print will be positioned and colored, all in a PDF attachment for your customer's review and approval.

PICK A PRINTING STYLE

REGISTERED PRINTING

With our Registered printing you designate the exact placement of an image and text on a bag. Artwork may range from single color images to photo-quality multi-color print with the ability to utilize both PMS spot and CMYK process colors.

RANDOM REPEAT PRINTING

We offer random repeat printing on our bags, film and tubing with one color, one side. This economical style of printing repeats an image or block of text a specified distance apart, with at least one image guaranteed per bag. Due to the nature of Random Repeat printing, images may land on on the seal and perforations that separate bags.

"Your Sourcing Specialists"

THERE FROM START TO FINISH

Our skilled representative will work with you every step of the way to create a great looking bag to your exact specifications. This ensures a smooth printing process, from proof approval to order completion. If you need help reworking your art, we can help with that, too.

Note: Printed bags made to your approved specification are not eligible for return.

NO ARTWORK? NO PROBLEM!

WE HAVE A SOLUTION FOR THAT.

We can still get you a quote before your artwork is completely done. Just send us the size, number of colors and worry about the artwork later. We also have a number of commonly used Stock Images shown below. If your printed bag just needs a short typed message, we can get that for you, too – just supply your text with the size exactly how you want it to appear.

CUSTOM INK COLORS

PMS Spot Colors

Logos and simple images using solid ink colors are reproduced using one printing plate per color. Choose from thousands of spot colors using the Pantone Matching System (PMS) available online.

Note: Please have PMS colors chosen prior to submittal of artwork.

CMYK Process Colors

Photos and illustrations are reproduced by a printing process using a combination of Cyan, Magenta, Yellow and Black ink dots to create unlimited colors. These require White ink as well when printing on a clear substrate such as poly film.
